Dear Mr Burks:

**NOTICE OF AUTHORIZATION TO APPLY THE UL LISTING MARK  
AND UL LISTING MARK FOR CANADA**

This letter temporarily supplements the UL Follow-Up Services Inspection Procedure, and serves as authorization to apply the UL Listing Mark and Listing Mark For Canada to the above product(s).

To provide the manufacturer with the intended authorization to use the UL Listing Mark and Listing Mark For Canada you, the Applicant, must send a copy of this Notice to each manufacturing location covered by the UL Follow-Up Service Procedure.

This authorization is effective only for 90 days from the date of this Notice. Records covering your product(s) are now being prepared and will be sent to you in the near future.

Products produced which bear the UL Listing Mark and Listing Mark for Canada shall be identical to those which were evaluated by UL and are found to comply with UL's requirements. If changes in construction are discovered, authorization to use the UL Listing Mark and Listing Mark For Canada may be withdrawn and the products that bear the UL Mark may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with UL's requirements.

Within Canada, there are federal and local statutes and regulations, such as the Consumer Packaging and Labeling Act, requiring the use of bilingual product markings on products intended for the Canadian market. It is the responsibility of the manufacturer (or distributor) to comply with this law. The UL Follow-Up Service Procedures will only include the English version of the markings.

If we can be of assistance, please do not hesitate to contact the undersigned.

Very truly yours,
