Subject: Accessory – Step-Down Transformer, Model AP9621. According to Letter Dated 11/4/99.

Dear Mr. Burke:

NOTICE OF AUTHORIZATION TO APPLY THE UL MARK

This letter temporarily supplements the UL Follow-Up Services Inspection Procedure, and serves as authorization to apply the UL Listing Mark to the above product(s).

To provide the manufacturer with the intended authorization to use the UL Mark you, the Applicant, must send a copy of this Notice to each manufacturing location covered by the UL Follow-Up Service Procedure, File E95463, Vol. 1, Sec. New.

This authorization is effective only for 90 days from the date of this Notice. Records covering your product(s) are now being prepared and will be sent to you in the near future.

Products produced which bear the UL Mark shall be identical to those which were evaluated by UL and are found to comply with UL's requirements. If changes in construction are discovered, authorization to use the UL Mark may be withdrawn and the products that bear the UL Mark may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with UL's requirements.

If we can be of assistance, please do not hesitate to contact the undersigned.

Very truly yours,
