Adding Alternate Transformer by Plitron Model 7177-V2-20, page 7, item1

Dear: Mr. Everett,

NOTICE OF AUTHORIZATION TO APPLY THE UL MARK

This letter temporarily supplements the UL Follow-Up Services Inspection Procedure and serves as authorization to apply the UL Listing Mark to the above products which are constructed similar to products covered in the UL Follow-Up Services Inspection Procedure, File E95463, Volume 1, Section 22.

To provide the manufacturer with the intended authorization to use the UL Mark you, the Applicant, must send a copy of this Notice to each manufacturing location covered by a UL Follow-Up Service Procedure.

This authorization is effective only for 90 days from the date of this Notice. Records covering your products are now being prepared and will be sent to you in the near future.

Products produced, which bear the UL Mark, shall be identical to those which were evaluated by UL and found to comply with UL's requirements. If changes in construction are discovered, authorization to use the UL Mark may be withdrawn and products that bear the UL Mark may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with UL's requirements.

If we can be of further assistance, please do not hesitate to contact us

Very truly yours,

Anthony Paolo (Ext. 22887)
Associate Project Engineer
