

## Product End-of-life Instructions

The End of Life Instruction (EOLI) covers the entire range of KNX.

Marketing Model/Name: DCF-77 antenna, Ref. MTN6606-0070

Size H x L x D: 110 x 70 x 53 mm

Weight: 133 grams

# **Product End-of-life Instruction**

### Purpose

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

#### Note **I**

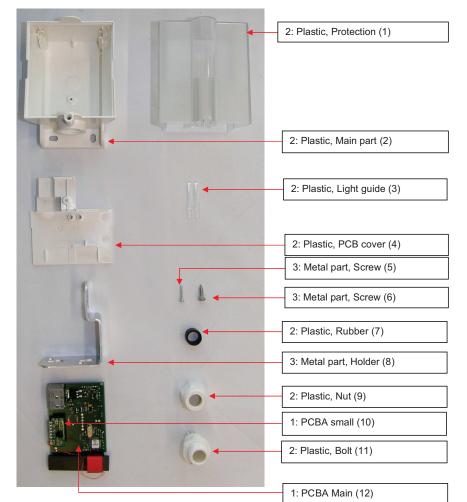

This product family is not in the scope of EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).

## Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy : Reuse  $\rightarrow$  Separation for special treatment  $\rightarrow$  Other dismantling  $\rightarrow$  Shredding.

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

This product contains a printed circuit board which is recommended to be treated separately during the End of Life operations.

Number of drawing	Components	Weight (g)	Comment
Components listed for depollution			
1	Printed circuit board	32.0 g	[10,12]
Components listed for dismantling			
2	Plastic parts	80.8 g	[1,2,4]
Components listed for shredding			
2	Plastic parts	7.8 g	[3,7,9,11]
3	Metal parts	11.6 g	[5,6,8]
