Product description

- **Manufacturer identification**: Schneider Electric Industries SAS
- **Brand name**: APC
- **Product function**: A stand-alone, network-manageable power distribution device that monitors the total current drawn from its power outlets and protects from power surges.
- **Product reference**: AP7800
- **Additional similar product references**: AP78XX and AP88XX Series
- **Total representative product mass**: 1730 g
- **Representative product dimensions**: 44mm x 444mm x 102mm
- **Accessories**: None
- **Date of information release**: 12/2018
### Legal Information

This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

### In Case of Special Transportation: Transportation Method

None

### Recyclability Potential
