

Document no. LF-20190523_01 – last update May 23rd, 2019

Circuit breakers : LF1 – LF2 – LF3

Design according to Standards

We undersigned, SCHNEIDER ELECTRIC INDUSTRIES SAS, declare that the above-mentioned range are designed according to the following IEC (International Electrotechnical Commission) Standards :

IEC 62271-100 *High-voltage switchgear and controlgear
Part 100 : Alternating current circuit breakers*

IEC 62271-1 *High-voltage switchgear and controlgear
Part 1 : Common specifications for alternating current switchgear
and controlgear*

For proper functioning of the products, we urge you to follow and abide by any and all manufacturer's instruction and recommendation delivered along with the product, and dealing as the case may be with handling, transportation, service conditions, civil engineering, installation, use and maintenance, as well as applicable rules of the art.
