

UK DECLARATION OF CONFORMITY

We : MANUFACTURER
Schneider Electric Industries SAS
35 rue Joseph Monier
92 500 Rueil Malmaison – France

UK REPRESENTATIVE
Schneider Electric Limited
Stafford Park 5
Telford, TF3 3BL - United Kingdom

Hereby declare under our sole responsibility that the products:

Trademark	Schneider Electric
Product, Type	MiCOM P116, Protection relays
List of reference and options	See next pages

Are in conformity with the requirements of the following regulations, which was demonstrated by application the following designated standards.

Regulation	Designated standard
Electrical Equipment (Safety) Regulations SI 2016 No. 1101	BS EN 60255-27:2014
The Electromagnetic Compatibility Regulations SI 2016 No. 1091	BS EN 60255-26:2013
The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations SI 2012 No. 3032	BS EN IEC 63000:2018

Subject to correct installation, maintenance and use conforming to its intended purpose, to the applicable regulations and standards, to the supplier's instructions and to accepted rules of the art.

This declaration becomes invalid in the case of any modification to the products not authorized by us.

UK DECLARATION OF CONFORMITY

MiCOM P116 is a 3 phase and earth fault non-directional overcurrent CT-powered and/or auxiliary voltage-powered protection relay which has been designed to control, protect and monitor industrial and distribution installations. MiCOM P116 protection relays are available in two base hardware versions: Model A and Model L (light). Each model has several hardware versions offering different numbers of flag indicator outputs, case types, rated currents (1 A or 5 A), auxiliary voltage ranges, etc. Model L is CT powering only. Model A is dual powered.

The relay protects one, two or three-phase applications against earth fault and phase-to-phase short-circuit faults. It was especially developed for compact MV switchboards with circuit breakers.
