

Merten System M, Merten Artec

Product End-of-life Instructions

The End of Life Instruction (EOLI) covers the entire range of Merten System M, Merten Artec.

Marketing Model/Name:

Push button module Comfort, 2-gang, Ref: MEG5121-0300

Size in mm :

H x L x D : 25 x 53 x 51

Weight : 18ggrams

Product End-of-life Instruction

Purpose

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

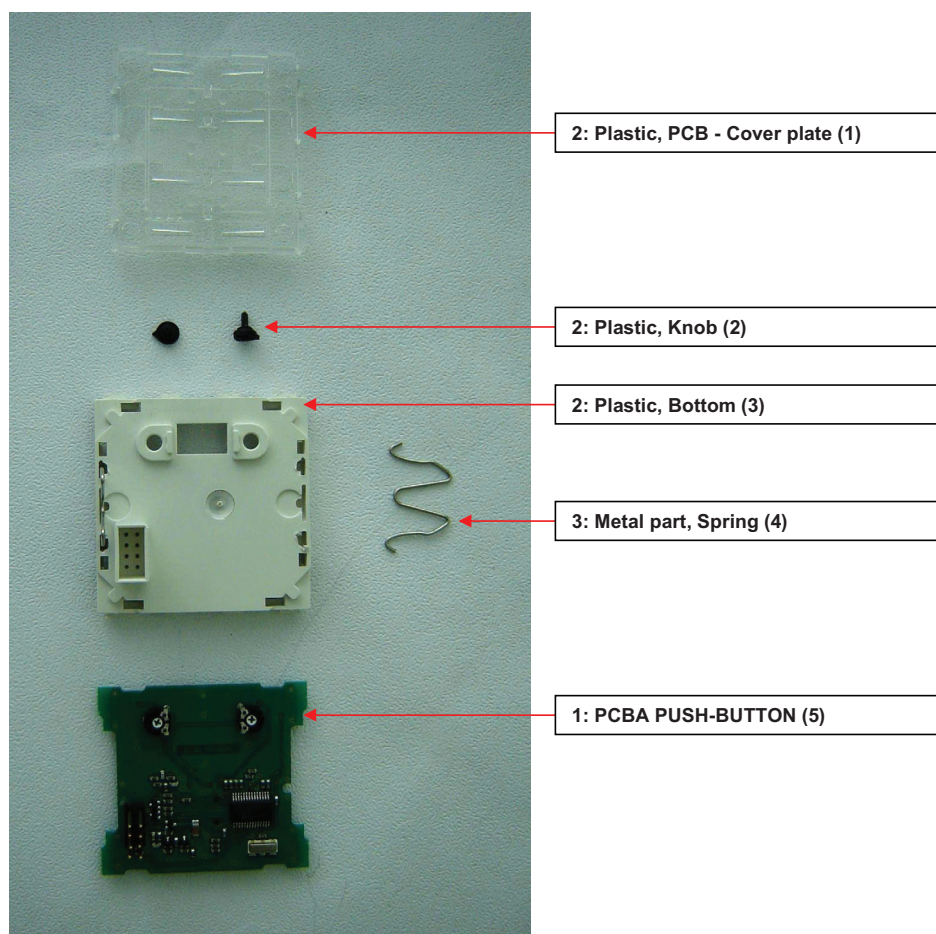

Note

This product family is not in the scope of EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy: Reuse → Separation for special treatment → Depollution → Dismantling → Shredding.

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

Number of drawing	Components	Weight (g)	Comment
Components listed for depollution			
1	Printed circuit board	7.161 g	[5]
Components listed for dismantling			
2	Plastic parts	9.126 g	[1,2,3]
Components listed for shredding			
3	Metal parts	0.732 g	[4]
