

Product End of Life Instructions

LF Range

Purpose:

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Note :

This product family not in the scope of EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).”

Potential disassembly risks

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
Operating hazards	A	RI operating mechanism Spring under pressure		Risk during dismatling
Special treatment	B	2 x Front plates	574 g	Flame retardant
	C	LF Enclosure	Epoxy: 16200 (g) SF6: 399 (g)	Recycling: Epoxy See EoLI SF6: 03805698ZA

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	
Product function	
Product reference	
Additional similar product references	LF range
Total representative product mass	Weight in kg: Between 106 and 435 without battery
Representative product dimensions	H x L x D: 749 x 497 x 897 mm
Accessories	

Date of information release **MM/YYYY**

Additional information

Legal information	The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product. This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE).	
In case of special transportation: transportation method		
Recyclability potential	XX%	Based on "ECO'DEEE recyclability and recoverability calculation method" (version V1, 20 Sep. 2008 presented to the French Agency for Environment and Energy Management: ADEME).

Recycling your equipment at end-of-life.

This equipment contains SF₆ gas. SF₆ is a powerful greenhouse gas. By law, it must be disposed in a responsible way at end-of-life.

DO NOT carry out any dismantling operations unless authorized.

DO NOT handle SF₆ gas unless authorized.

DO NOT release SF₆ gas to the atmosphere.

Local penalties may apply (European Regulation UE 517/2017 for all European countries).

Schneider Electric offers a complete end-of-life solution in many countries. Please contact your local Services representative for details.
