

Product End-of-Life Instructions

**TeSys D
Contactors AC 09 to 18A**

Product End-of-Life Instructions – EoLI

Product overview

Product Range: TeSys D Contactors AC 09 to 18A

Marketing Model/Name:

- 3-pole and 4-pole
- Supplied with AC currents of between 24 and 600 V
- TeSys D range: D09, D12, D18

Size: H x L x D in mm = **86 x 45 x 77**

Weight in g = 355

Purpose

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Operations recommended for the end of life treatment

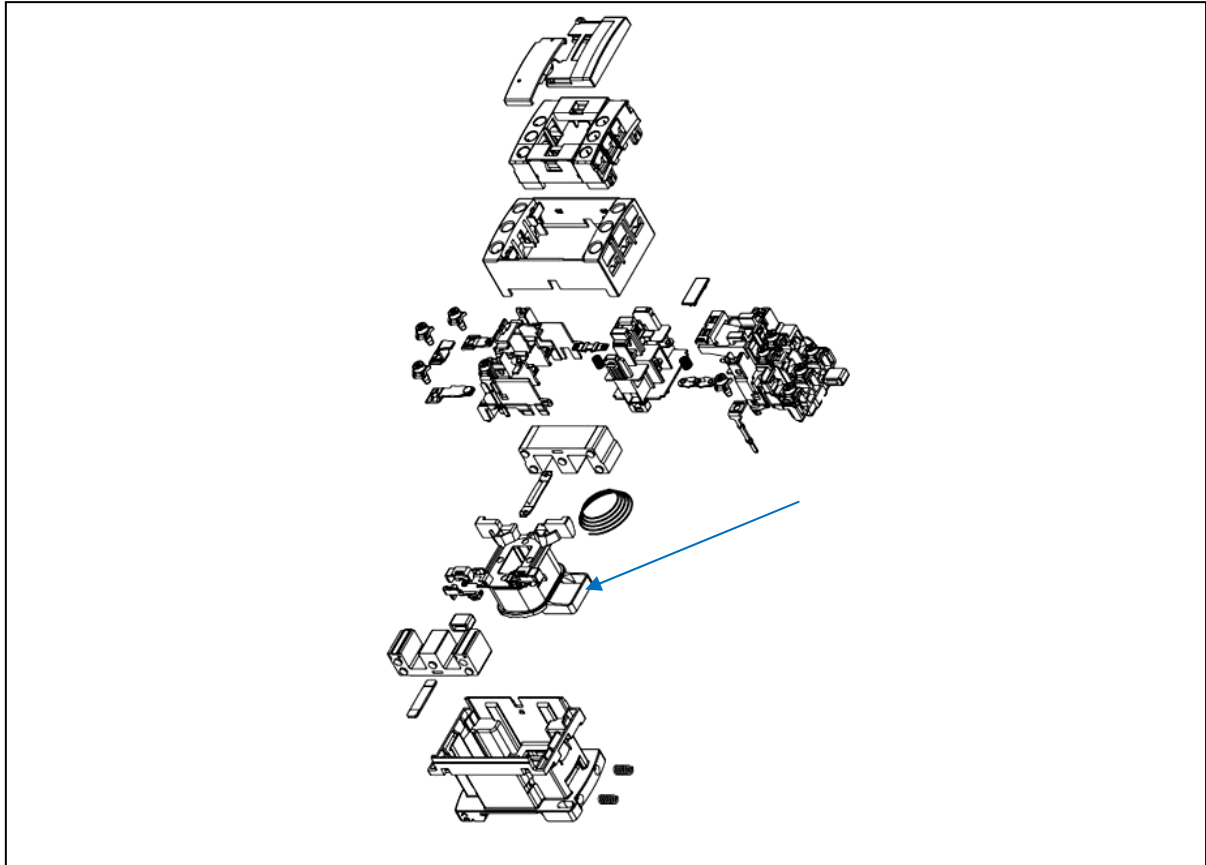

There are several steps to process the products at the end of life so as to recover components, materials or energy :

Reuse → Separation for special treatment → Other dismantling → Shredding

CAUTION: The product contains 1 plastic part with brominated FR which are recommended to be treated separately during the End of Life operations.

Product End-of-Life Instructions – EoLI

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

Recommendation	Number on drawing	Components	Weight (in g)	Comment
Special treatment	1	Plastic part with brominated FR	11.7	

EoLI achieved with Schneider-Electric TT03 V6 procedure
