Manufacturer identification: Schneider Electric Industries SAS
Brand name: Schneider Electric
Product function: A compact Programmable Logic Controller that provides Remote Terminal Unit functions for use in SCADA and telemetry applications.
Product reference: TBUP357-1A20-AB20S
This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
