## VAMP 125

### End of Life Instructions

ENVEOLI1803007\_V1

05/2018

## Introduction

### Purpose

This equipment must be disposed according to the legislation of the country where it is situated. This document provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

### Scope

The document provides the user with the basic information needed to dismantle the product in the recycling plant.

It indicates, for the various parts of the product, the recommendations according to the recycling criteria (potential hazards, to be depolluted, to be dismantled).

This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE).

## Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	Protect electrical systems against arc flash - Maximize energy availability and the profits generated by customer installation while protecting life and property.
Product reference	VAMP 125
Additional similar product references	none
Total representative product mass	928 g
Representative product dimensions	H x L x D = 123 x 125 x 70 mm
Accessories	none
Date of information release	05/2018

## Additional information

In case of special transportation: transportation method	none	
Recyclability potential	63%	

## End of Life Instructions

Recommendation	Nbr on Drawing	Component / Material	Weight (in g)	Comment
Potential hazards		NA		
To be depolluted	1	PCBA's including Capacitors, IC's, Resistors, Connectors etc.,	365	
To be dismantled	2	Enclosures with accessories	563	
Other		NA
