Introduction

Purpose

This equipment must be disposed according to the legislation of the country where it is situated. This document provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Scope

The document provides the user with the basic information needed to dismantle the product in the recycling plant.

It indicates, for the various parts of the product, the recommendations according to the recycling criteria (potential hazards, to be depolluted, to be dismantled).

This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE).

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	PAS is installed usually in Panel. Typically, it is installed indoor. Works 24h per day, non-stop unless an outage is planned. Typical life time of the relay is 10 years but effectively it may be extended to more than this
Product reference	PAS600L
Additional similar product references	PAS600T
Total representative product mass	258 g
Representative product dimensions	72mm x 85mm
Accessories	External antenna
Date of information release	03/2021

Additional information

In case of special transportation: transportation method	none	
Recyclability potential	11%	

Operations recommended for the end of life treatment

Recommendation	Nbr on Drawing	Component / Material	Weight (in g)	Comment
Potential hazards	1	NA		
To be depolluted	2	PCBA's including Capacitors, IC's, Resistors, Connectors etc.,	215.04	
To be dismantled	3	Enclosures with accessories	83.5	
Other	4	NA
