The sales case is used by sales team to showcase Esmi Sense FDP and fire loops. The socket-outlet shall be installed near the equipment and shall be easily accessible. The Esmi Sense FDP Sales Demo case ALC is delivered with configuration.

Esmi Sense FDP Sales Demo Case ALC comes in multiple different language versions. The Sales demo case is connected to internet by ordering separate USB 3/4G modem without SIM (FFS00702580) or with Ethernet cable. The components inside sales demo case can present alarms, such as Under the Detector test that will show in EcoStruxure Fire Expert.

**The socket-outlet shall be installed near the equipment and shall be easily accessible**
