

ENVIRONMENTAL DECLARATION

General

Product / product group: Ball Valve Assembly
 Type designation: VB2x0R and VB3x0R
 Manufacturer: Schneider Electric

Manufacturer information

Quality Management System established yes no
 System complying with: Certified by ISO 9001 Other system
 Environmental Policy established yes no
 Company affiliated to ICC Business Charter yes no
 Company is registered at EMAS yes no
 Environmental Management System established yes no
 System complying with: Certified by ISO 14001 Other system
 Company working with life cycle analysis (LCA) yes no
 Other information about internal environmental work:

Product information

Criteria for environmental labeling is not available at present

Recommended application outlined in technical documentation yes no
 Product has clear and durable marking;
 (type designation, manufacturer, etc) yes no
 The branding refers to technical documentation so that the
 product can be clearly identified yes no
 Other branding or certificate (CE, UL, etc): Schneider Electric branded, Non-PED

1. Constituent material (approximate values)

Substance	Share	Share	Made from Recovered material	Recoverable material from recycling	For deposition (land fill without general environmental risk)
	VB2.. ¾" / ½"	VB3.. ¾" / ½"			
Total weight. excl packing / documentation	386.0g / 442.7g	456.5g / 534.6g			
Metals, Brass	76.4 / 89.2%	88.6 / 90.2%	-	95%	100%
Metals, Stainless Steel	8.0 / 9.3%	7.9 / 9.2%	-	95%	100%
Plastics, >PTFE<	0.7%	1.1-1.2%	-	10%	100%
Plastics, >PPS<	-	0.2%	-	94%	100%
Plastics, >PEI<	0.3%	0.3%	-		100%
Rubber, >FKM<	0.2%	0.2%	-		100%
Others	0.3%	0.2%	-		100%
Packing / Documentation (paper)	78.9g	78.9g	60%	100%	100%

Comments: The component parts are not clearly identifiable as to the constituent material used in construction
